8.00 pm – 9.00 pm	Welcome Reception

Program subject to changes

Dr Joseph T. DiPiro is Executive Dean of the South Carolina College of Pharmacy, which is an integrated program of the Colleges of Pharmacy at the University of South Carolina and the Medical University of South Carolina. He received his BS in pharmacy from the University of Connecticut and Doctor of Pharmacy from the University of Kentucky. He served a residency at the University of Kentucky Medical Center and a fellowship in Clinical Immunology at Johns Hopkins University. Before coming to South Carolina, Dr DiPiro was the *Panoz* Professor of Pharmacy at the University of Georgia College of Pharmacy and Clinical Professor of Surgery at the Medical College of Georgia. While there, he was also Assistant Dean for the College of Pharmacy and the School of Medicine at the Medical College of Georgia, and Head, Department of Clinical and Administrative Pharmacy.

He is the Editor of *The American Journal of Pharmaceutical Education*. Dr DiPiro has published approximately 200 journal papers, books, book chapters, and editorials in academic and professional journals, mainly related to antibiotics, drug use in surgery, and pharmacy education. His papers have appeared in *Antimicrobial Agents and Chemotherapy*, *Pharmacotherapy*, *Critical Care Medicine*, *JAMA*, *Annals of Surgery*, *Archives of Surgery*, *American Journal of Surgery*, *Journal of Pharmacology and Experimental Therapeutics*, and *Surgical Infections*. He is the senior editor for *Pharmacotherapy: A Pathophysiologic Approach*, now in its 7th edition. He is also the author of *Concepts in Clinical Pharmacokinetics* and Editor of the *Encyclopedia of Clinical Pharmacy*.

He was a President of the American College of Clinical Pharmacy. He is a Fellow of the College and has served on the Research Institute Board of Trustees. He has been a member of the Surgical Infection Society Therapeutic Agents Committee and the American Society of Health-System Pharmacists, having served on the Commission on Therapeutics and the Task Force on Science. In 2002, the American Association of Colleges of Pharmacy selected Dr DiPiro for the Robert K. Chalmers Distinguished Educator Award. He has also received the Russell R. Miller Literature Award and the Education Award from the American College of Clinical Pharmacy, the Award for Sustained Contributions to the Literature from the American Society of Health-System Pharmacists.

Day 4 (Monday, 12 July 2010)	
9.00 am – 12.00 pm	Hospital or City Tour

About Asian Conference on Clinical Pharmacy

Vision Statement

ACCP will be the leading force in Asia in initiating and promoting clinical pharmacy practice, education, and research.

Mission Statement

ACCP is composed of clinical pharmacy practitioners, educators, researchers, administrators and other interested individuals that provide leadership, direction, advocacy, and a place for idea exchange in order to promote excellence in clinical pharmacy practice, education and research in Asia.

ACCP strives to accomplish its mission by:

- Holding an annual conference designed to promote the concepts of clinical pharmacy and offer a place for dissemination and exchange of new knowledge and ideas in the areas of practice, education and research in Asia.
- Fostering the development of clinical pharmacy leadership and advocacy in Asia.
- Seeking participation by practitioners, educators, researchers, scientists, administrators, students, residents, fellows, and other committed to excellence in clinical pharmacy in Asia.
- Promoting interdisciplinary practice, education, and research models in Asia.
- Promoting the establishment of strong clinical pharmacy programs in the college of pharmacy in Asia.
- Encouraging the teaching methodologies of problem based learning, case based learning and other active learning concepts in pharmacy education in Asia.
- Espousing a philosophy of practice that identifies the patient as the primary beneficiary of clinical pharmacy services (patient centered practice model).
- Promoting the practice of Pharmacotherapy that optimizes patient outcomes and develops evidenced-based practitioners in Asia.
- Enhancing the value of clinical pharmacy services in health care systems in Asia.
- Encouraging the documentation of clinical pharmacy services and interventions in health care facilities in Asia.
- Assisting in the establishment of clinical pharmacy services in all health care settings in Asia.
- Disseminating and publishing new innovations and research in clinical pharmacy in Asia.
- Promoting clinical pharmacy research in Asia.

About Singapore

Ranked the Top Convention City in Asia for 23 consecutive years by the Union of International Associations (2006) and the World's 2nd Top Convention City by the International Congress and Convention Association (2006), Singapore is also a city of entertainment where visitors can unwind and have the time of their lives. You'll discover a myriad of unforgettable experiences in this dynamic city – rich in contrast and color but with a harmonious blend of cultures, cuisines, arts and architecture.

Singapore has a warm and humid climate throughout the year with a daily average temperature range of 24°C to 31°C. Light and summer clothing made from natural fabrics like cotton is best for everyday wear.

Go to www.visitsingapore.com for more on what you can do in Singapore or call the 24-hour Touristline/Shopping Hotline for all your shopping, dining and nightlife queries: 1800 736 2000 (Toll-free in Singapore).
